FAMILY PHOTOGRAPHY

Visit my Garden Studio for your family photoshoot.

Includes an hour long photoshoot, and a 10 x 8 silk printed photograph of your choice.

You will also be able to view all your family photographs on an online password protected gallery. From there you can order additional prints, digital files or purchase all of your photos on a USB.

£85

A guide to your . . .

FAMILY PHOTOSHOOT

When booking please let me know how many children there are to be photographed within your family - it's helpful for me to know children's ages etc.

On the day of your photoshoot I can photograph your children together and individually. Mums and dads can get in there too - it's all about creating beautiful memories for you to look back on in years to come!

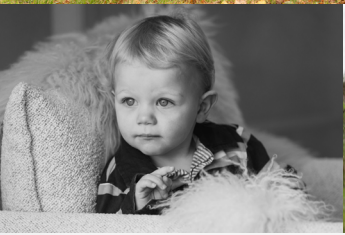

What should You Wear

A good tip here is to try to all coordinate by having a colour theme running through each outfit - this doesn't mean matching shirts and tops but a hint of the same colour or similar tones works well.

Don't opt for all black - it can make children look very pale and washed out - light colours always work best.

For example a classic look is white shirts and denim jeans - Don't wear clothing with slogans or wording branded across a top as this will just date your photos.

INDIVIDUAL IMAGES

Order your favourite newborn/family portrait photographs to frame yourself. These come with presentation folders.

6 x 4 print - £7.00

8 x 6 print - £13.00

7 x 5 print - £8.50

10 x 8 print - £25.00

LARGER IMAGES

Card Mounted ready for you to frame
